**Respected Sir,**

We are highly grateful to you for being a resource person on the occasion of Hiroshima Day on **August 8, 2022**, at 2:00 PM in the RPIIT Campus, Bastara, Karnal. It was very interesting to hear your views on a very socio-politically-environmentally relevant issue, "Atomic Bombings of Hiroshima and Nagasaki: Facts and Impacts". Your views on the topic have really broadened our horizons. Your depth of understanding of the subject and ability to present it in such an interesting way produced one of the most memorable talks in our NSO volunteer's history. You have covered all the essential elements of the atomic bombings of Hiroshima and Nagasaki, and your description is remarkable. We all agreed that your lecture was the most interesting and motivational we have had this year. We truly appreciate teachers like you who are willing to give their time to enrich the lives of our young people. Our volunteers will put your words into practice. I once again would like to thank you for such a wonderful lecture and hope to get a chance to hear more from you in the future. We wish you success in your future endeavours. Please accept our appreciation for such a commendable job.

Thanking you,
